A Hint to Farmers.

The following hint published farther West, is just as applicable here. There are three things easily raised and harvested, Family Groceries for which, the farmers may depend upon it, there will be an enormous demand and high prices paid during the war. We refer could not do a better thing for themselves and their country than to plant these veg-etables very extensively. If it appears, as scarce, onions, potatoes and beans must be had to fill the vacuum.

We believe the Cincinnati Commercial toes and beans will be in great demand Fruits, Butter, Eggs, Cheese, It is now quite certain that wheat will be little if any better than a half crop, and Wooden and Willow Ware. fruit but apples, and this deficiency wi prove a serious drawback on our ability to meet the demands of the war, if it be not yet, and they can be made to fill the "gap" to a great extent. Potatoes are to-day worth nearly as much as wheat, and some what more than corn, and beans are worth more than all three put together. Farmers cannot fail to see in our market reports that they can make their root crops even HIGHEST MARKET PRICE IN EXCHANGE The North Carolina Times of the 2d is more profitable than grain. In England received. It contains no news of any in- and Belgium, where cultivation is carried terest, but its leader refers to an expected to the highest degree, root crops form at least twice as large a proportion of the whole product of the country as they do here is not likely to be any forward here. Great Improvement.

TIGHT STITCH

Sewing Machines. Weed's Celebrated Patent

They possess the merit of simplicity and case of management, so that fifteen minutes instruction will enable any one to use them successfully. The following are some of their points of excellence:

They have a Straight Needle and Shuttle, which is acknowledged to be the only true principle for a per feet Sewing Machine. They make the Lock or Sbuttle Stitch alike on both sides, and for Economy in Thread, Strength, Durability, Elasticity and Beauty of Finish, is supe-

readily adjusted and kept in order without taking The Tension is superior to any other in use. Un-evenness or knots in the thread do not cause If to op-erate with irregularity.

The Feed is perfect, Accurate in its operation, and warranted to run two years without requiring to be taken out, cleaned or repaired. ed to all kinds of Sewing, and are

They are adapted to all kinds of Sewing, and are strong and durable in all their parts. This is important, for even light work will some cause a frail machine to operate with uncertainty, and require frequent and expensive repaires. The Weed will last a lifetime and keep in order. They Stitch, Hem, Braid, Fell, Cord, Bind and

They do not break the thread, skip stitches, nor form a chain ridge on the underside of the cloth. They will sew over gathers and seams without breaking the thread, or requiring a change of tension.

They are the cally machine using WEED'S PAYENT THEEAD CONTROLLER. There is no other apparatus for the control of the "Slack Thread" equal to it. Every Machine is Warrante

Familes and Manufacturers will find the "W the most Profitable Machines for use, owing to always keeping in repair and working order, their great speed and case of management. Forty per cent more work can be done in a year's ime on the "WERD" than on any other Machine.

WE PUBLICLY CHALLENGE MACHINES OF ANY AND ALL OTHER MANUFACTURE, TO DO AS LARGE A BANGE OF WORK AS CAN RABILY BE DONE ON THESE MACHINES.

All orders or communications from Familie Tailors, Seamstresses, Clothiers, Harness Makes &c., in the country, will receive prompt attention. A Descriptive Circular and Samples of Work will be sen on receipt of letter stamp. Collections made on deliver of Machines, if desired, so that the purchaser NEED BOY PA ON YOUR EXPLICITION AND RECEIVED.
